CYBERTECH EUROPE 2022

In collaboration with LEONARDO

Cybertech Europe

May 10-11, 2022
Rome, Italy

Cybertech Europe Conference and Exhibition

Following a highly successful fourth edition and a forced break due to the global health crisis, Cybertech Europe is returning to Rome on **May 10-11, 2022**.

The international summit for the cyber industry is a **2-day event consisting of a grand exhibition hall and a cutting-edge conference**. The event attracts market-leading companies, government officials, world-renowned speakers, innovative startups, and investors from all sectors.

Conference sessions cover various topics and touch upon different sectors - from security to logistics, to finance, education, and health. In addition, sector-specific special events will explore the unique challenges and solutions for specified fields.

A Golden Age for European Tech

European tech companies have seen a surge in their value, reaching **€618** billion in 2020. Some predict we are entering a golden age of entrepreneurship in the old continent. Despite the impact of coronavirus, European startups raised **38% of all** seed capital in 2020, and the number of **employees in European tech grew by 43%** over the past four years.

As the cradle of western civilization, the relentless race towards progress and innovation has its roots deep into Italian soil. Therefore, Rome is the perfect place to **foster existing business connections and create new opportunities** with a wide range of sectors and entities, including government, industry, and academia.

While leading players from more than 50 countries gather together, visitors and participants can **use the Cybertech B2B Platform to pre-schedule business meetings** onsite.

Influence Campaigns

" It has been a pleasure to participate at Cybertech Europe 2019. Year after year, this forum has been constantly growing and expanding its reach. This enthusiastic response shows that we are on the right path in facing the rising challenges of the continuously evolving cyber sector. "

- Alessandro Profumo, CEO, Leonardo

" Occasions like Cybertech Europe are very important to us because they allow us to meet institutions, academies and industries and create synergies in order to build a safer world. "

- Morten Lehn, General Manager Italy, Kaspersky

" Continuous innovation in business is a balancing act and the stakes have never been higher. From Internet of Things, blockchain to artificial intelligence, C-suite executives recognize that while these new technologies carry new possibilities transforming entire industries, they also create new security concerns. "

- Gene Reznik, Chief Strategy Officer, Accenture

" Cybersecurity has undergone a huge revolution in the past few years with established vendors and approaches being swept aside. Cybertech 2019 once again showcases the best new developments in our industry and the huge steps that have been taken to combat the challenge of global cybercrime. "
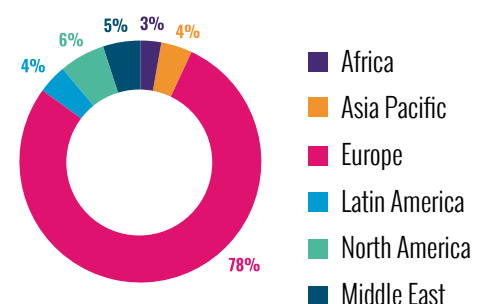

- John Titmus, Director EMEA, CrowdStrike

Whether you're a rookie or expert in the cyber playing field, there's no better gathering of the minds than those of Cybertech events worldwide.
